\$32,000 Worth of Seasonable Dry Goods Bought at 50c and 60c on the Dollar!

One of the Most Sensational Sales Ever Known.

Embracing Silks, Dress Goods, White Goods, Linens, Wash Goods and Domestic, Which We Offer at Less Than Present Wholesale Market Prices.

Teft, Weller & Co., one of the largest jobbing houses in New York city—a firm prominently identified with the trade for over fifty years—recently went into the hands of the receivers. Over five million dollars worth of merchandise was involved, representing staple lines, such as silks, dress goods, white goods, household linens, domestics, wash goods, and cottons, which they were compelled to unload at very low prices.

We received notice that the stock would be liquidated and immediately dispatched our buyers to New York to attend this most important sale. As a result of our foresight and daring we will have on sale tomorrow thousands of dollars worth of staple merchandise.

At Savings of Half and Nearly Half Price

The lots we advertise for tomorrow are the first arrivals from the Teft, Weller sale. Other lots are due to arrive shortly and the fact will be announced as soon as they are received from New York city. It is only once in years that such an opportunity comes your way. The fact that all cotton goods are steadily advancing in price emphasizes the importance of the sale prices we offer on these staple lines. The economies are so great that it will pay you handsomely to supply your needs for an entire season.
